Vitality**

Mobility

Mission

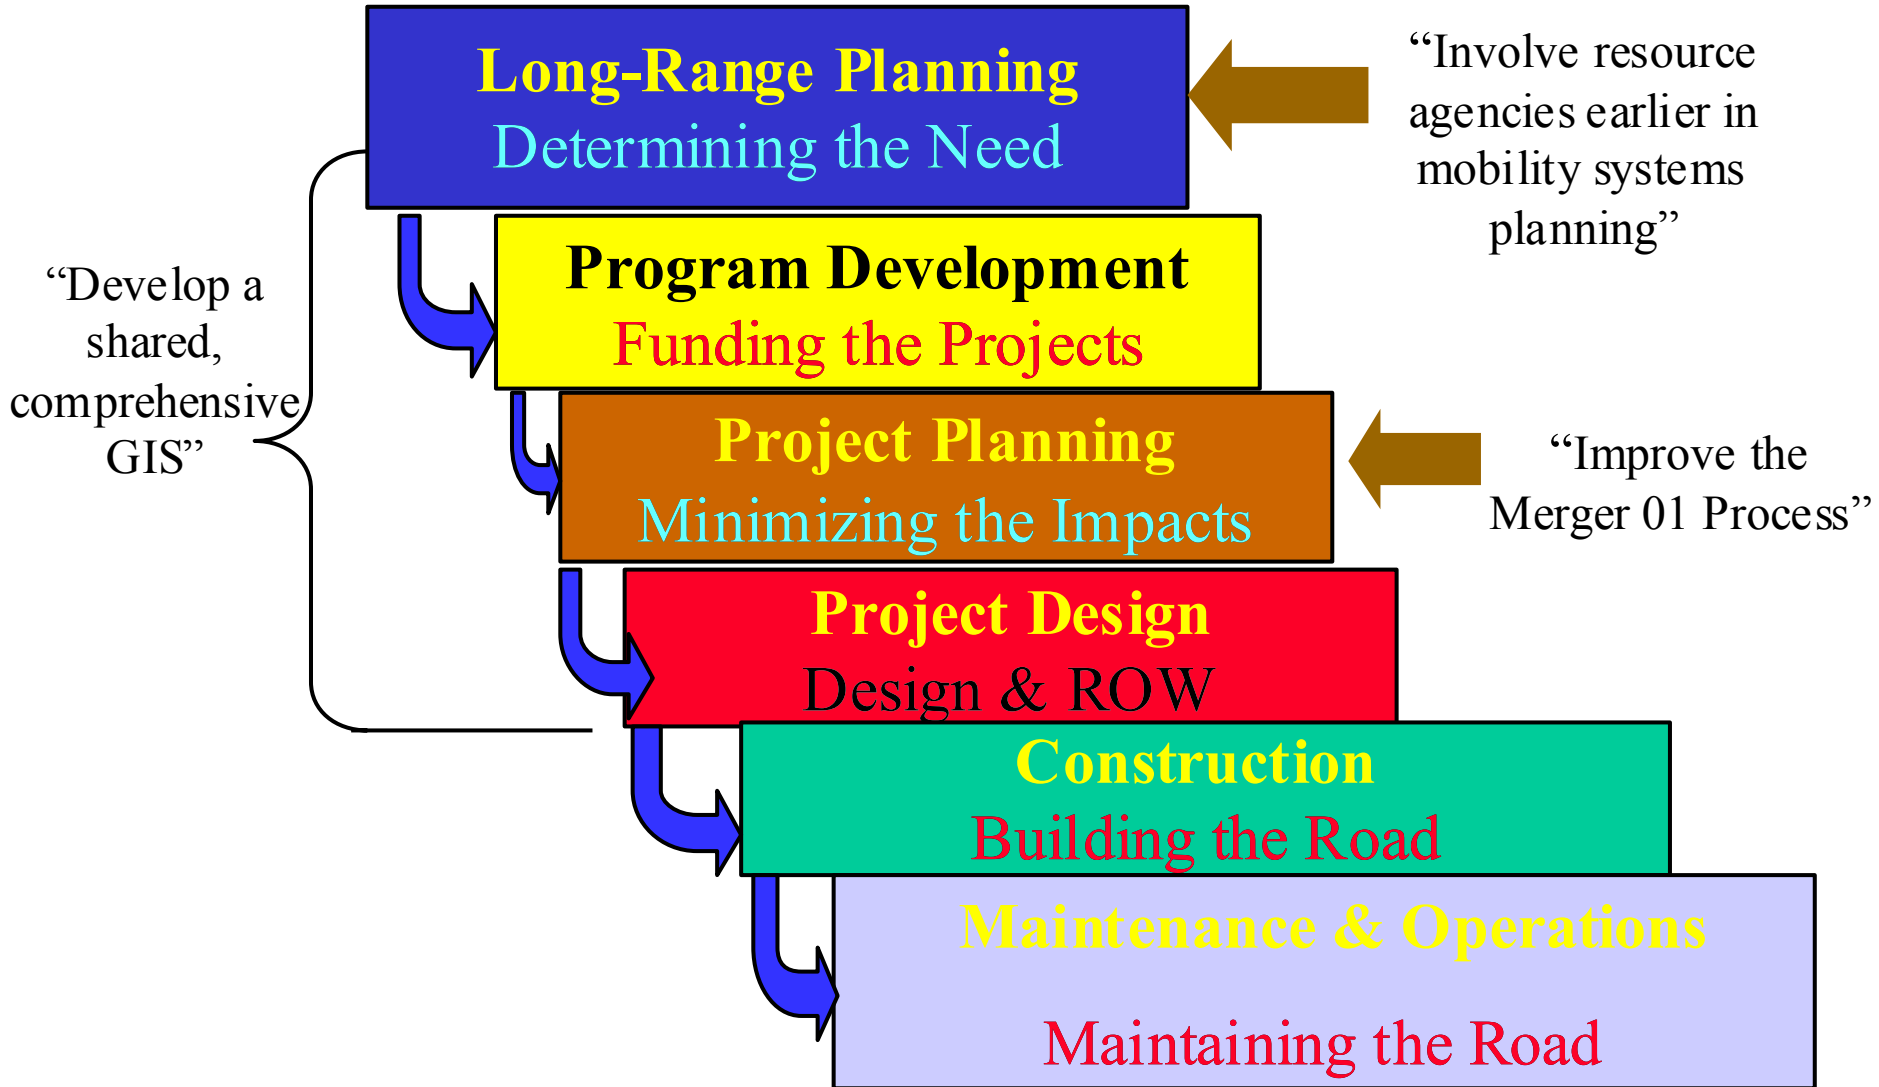

Develop an interagency leadership plan for North Carolina to balance successfully mobility, natural and cultural resource protection, community values, and economic vitality at the confluence of our missions.

Goals

1. Develop a shared, comprehensive Geographic Information System (GIS)
2. Local land use and long-range transportation planning result in projects that meet mobility, economic, and environmental goals
3. Improve the Merger 01 Process

Transportation Program Life Cycle

Goal 1- GIS

1. Create new and update GIS layers, as needed
2. Develop a means to share database layers
3. Establish a mechanism for maintaining the data
4. Create a shared analytical platform

Goal 2 -Long-Range Planning

1. Enhance compatibility of land use, economic development, transportation planning, and environmental stewardship
2. Enhance land use planning to achieve shared economic development and environmental goals
3. Consider impacts, including secondary and cumulative impacts, starting at the CTP process

Goal 3 - Merger 01 Process

1. Maximize the full benefits of the Merger 01 Process
2. Continuously improve the management of the Merger 01 Process
